Concord, N. H., March 10, 1951

Minutes of a meeting of the Building Committee, together with the Commissioners, held at the Merrimack County Farm, March 10, 1951.

The members made a tour of inspection at both the new barns and milk room, from 10:30 a. m. to 12 noon. Utilization and function of the new buildings was outlined by Superintendent Paul Fenton, and the herdsman. Mr. Fenton also outlined the work unfinished and other needs for the immediate future. Much useful information was given in regard to the dairy herds, and care and improvement of same by Mr. Holden, the County Agent, who was in attendance throughout the day.

Lunch was served between 12 and 1 to eleven visitors with Mr. Fenton as host. The formal meeting was called to order by John Bunten at 1:15 p. m., with John P. H. Chandler, Jr., and C. Murray Sawyer absent.

Mr. Halstead Colby was present with plans for proposed hay barn and young stock tie-ups, which he explained in detail.

Discussion ensued, relative to cost, location, etc. The estimated cost for the proposed building was finally agreed to be approximately \$23,000.00 which was far in excess of the approximately \$7,000.00 available for the finishing of the building program.

Mr. Perkins moved and seconded by Mr. Charland, that the two silos be located and erected on the west side of the new cow barn, as shown on Mr. Colby's plan, but no feed room to be built at this time at the silo location. Motion carried.

Discussion of possibilities in regard to an inexpensive building to store hay, bedding, and grain located at the northern end of the new cow barn was carried to some length and many ideas were included.

The final plan was for a one story building approximately 80 feet by 36 feet, with 16 feet height at the

plate. No floor or partitions to be included in this plan. This building could be constructed within the \$7,000.00, it was decided, if the lumber was cut and furnished by the County.

The chairman asked each member for an opinion and all agreed to proceed with this plan, and to stay within the \$7,000.00 available. They also agreed to employ an architect to prepare working drawings and specifications from Mr. Colby's rough sketch. Mr. Harry Forrest, the architect who has been employed to do other work for the County, had been contacted by Mr. Perkins and would do the work at once.

Mr. Ferguson made a motion, seconded by Mr. Ferrin, that Bunten, Smith and Loiselles act as a subcommittee with the commissioners to work with the architect and get firm bids for this work as soon as possible. Motion carried.

Meeting adjourned at 3:55 p. m.

REPORT OF COUNTY COMMISSIONERS

To the Citizens of Merrimack County:

In accordance with the Revised Laws of the State of New Hampshire, the Commissioners of Merrimack County herewith present the annual report of the Commissioners, Treasurer, Solicitor, Sheriff, Clerk of Court, Auditors, Superintendent of County Farm and House of Correction, Farm Physician, Chaplain, and County Extension Service and County Forester for the year ending December 31, 1951.

COUNTY FARM

Referring to the report of the Superintendent and Matron which is a part of this report the Commissioners are fully in accord with the statements of Mr. and Mrs. Fenton. We would also like to emphasize our appreciation of the work of the Federated Business and Professional Women's Club of Concord in putting on their usual Christmas party at the County Home. We are also indebted to those who gave us full co-operation in connection with our rebuilding operations at the farm which enabled us to complete our so-called Cow Barn for use commencing March 1, 1950, and the so-called Hay Barn for the storage of our hay crop commencing the latter part of June. As indicated in Mr. Fenton's report these two buildings, in addition to the silos, were completed from the insurance money with an overage of \$51.45. The lumber was obtained from County property and was cut by House of Correction labor. Therefore, there was no actual money transaction for it.

The population at the County Home has remained high throughout the year, averaging in the vicinity

of 155 persons in the Home, House of Correction, and Jail resulting in increased expense for food, supplies, and clothing at the prevailing increased prices. Accordingly our budget for the County Home and County Farm was exceeded. This, however, was in part caused by a change in our accounting system pursuant to the recommendation of the Tax Commission which necessitated County Home and Farm taking into their account 13 months for the year 1951. In previous years the month of December has normally been carried into the new year. This, therefore, accounts in a small part for the excess expenditure. However, it will not occur in future years as expenditures will be balanced on a 12-month calendar basis.

WELFARE AND RELIEF

Boarded children are averaging about 125 persons a month with a minimum expenditure of \$35.00 per child per month. There was an expenditure of \$58,561.83 for the current year or \$6,438.17 lower than the budget figure. This is an expenditure subject to fluctuation.

WELFARE WORK PROGRAM

This program has only been workable the past year to a much smaller degree than in the two previous years, in as much as many of the relief recipients that were able to perform duties have obtained employment in preference to working out their relief at the County Farm or Court House.

During the year 1951 we obtained 119 work days as compared to 787 in 1950. However, this work will be continued with those who are physically able to perform services and are receiving County aid. Unquestionably, the work program is of benefit not only to the taxpayers but to the relief persons themselves as many of them are now on their own and self-supporting.

BUDGET

In as much as this budget was pared to the bone on an austerity basis, every department in the County was contacted with the request that their expenditures should be held within the assigned budget figures. In most instances the budget figures were submitted by the various departments and only in a few instances were they exceeded.

The first item exceeded being that of Above Officers' Expenses in the amount of \$752.68. This was due in part to the travel expense of one commissioner from Bow and the other from Franklin. The Legislative Budget Committee reduced the Above Officers' Expenses from \$2,500.00 to \$1,800.00. Therefore, it was exceeded.

Second item, Clerk of Superior Court, request made for \$9,000.00, an over expenditure of \$3,010.61.

Third item, County Farm, an over expenditure of \$30,884.22 has already been mentioned in the first part of this explanation under the heading of County Farm.

On the other side of the ledger we however would like to bring to your attention the efforts in reducing the expenses for Poor Off Farm, an expenditure of \$58,902.46 in 1951 as against \$90,185.35 in 1950.

An item of considerable saving was Welfare Administration, an expenditure of \$12,131.15 in 1951 on an estimated budget of \$15,000.00, as against an expenditure of \$21,158.38 in 1950. This saving was largely accomplished by our change in the setup of Welfare Administration effective January 1, 1951, whereby the welfare was handled from the County Office. Whereas, it formerly was handled by the Cities of Concord and Franklin and the towns of Pembroke, Allentown, Hooksett, and Bow with a division of expense in each of these locations. This unquestionably was a step in the right direction, as it not only effected a more

economical method of administering welfare but it reduced welfare recipients and payments.

Every effort possible will be made to keep Welfare Administration and relief generally at as low an amount as possible having due regard for persons in actual need of assistance and care.

As stated by Superintendent Fenton there are at the County Home and Farm certain items that will need attention in the way of repair and replacement within the immediate future. This also applies to repairs that are facing us in connection with the County Court House. These items will be brought to the attention of the County Delegation at the next session.

*To the Board of County Commissioners,
Merrimack County:*

Gentlemen:

A year ago we were building a new barn, housing the cattle in temporary quarters and buying all of our feed. On March 1, 1951, we moved into the new cow barn. The building committee had several meetings and, after careful consideration, approved plans for a hay barn adjoining the cow stable with a fireproof wall between them. The bid for the construction of the hay barn, 84 feet x 36 feet, was awarded to Roy Powell of Franklin. This project was started immediately and completed in time for us to store hay in it during the summer of 1951. The Crane Silo Co. erected two tile silos 36 feet x 16 feet in time for storage of grass and corn silage. A temporary silo was constructed at the Red Barn. With this amount of storage we will now be able to keep our purchased feed to a minimum.

During the summer a group of House of Correction men supervised by the Maintenance man, built 2 bull pens in the hay barn and a feed room of cinder blocks between the two silos and the cow barn.

This has nearly completed a fine unit and during the fall, after all bills were paid, we were able to turn back \$51.45 from the insurance money to the general fund. We now have an excellent dairy barn of which the county may well be proud and this summer we hope to complete the painting, construction of a floor in the hay barn and outside grading.

POPULATION

The population of the Home has been somewhat higher than might have been expected. This is particularly true of the Hospital units. All beds have been filled nearly the entire period. At this writing we

have thirty men and eighteen women classed as hospital patients. We have discontinued the "so-called" operating room on the men's side to meet our bed needs. Our total inmate population is 160.

EMPLOYEES

Our turnover in personnel has been consistently small. Mr. and Mrs. Erville Aldrich, our former herdsman and housekeeper, left in April 1951 to become Superintendent and Matron of Grafton County Home. We were sorry to have them leave Merrimack County as they had done outstanding work but our loss has been Grafton County's gain. Everyone here wishes them much success in their new venture. Their positions have been filled by Telesphore Veilleux, better known as "Frenchie," and Mrs. Arthur Embree, the wife of our farm foreman. Gordon Tower and family went South and he was replaced by Vernon Cole as Maintenance man.

Due to the increased number of patients, shorter working hours and a decrease in inmate assistance, it has been necessary to increase our hospital nursing staff. We have been fortunate in securing Aileen Cole, Fannie Silver, Iyla Bartlett, Grace Laughy, Ethel Carter and May Burley to meet this need.

Hildur Turnblom has joined the laundry forces and very ably took over the supervision of that work while Mrs. Agnes Miller recovered from an automobile accident.

Rose Fleury left because of ill health.

Eileen Ash of Franklin began her duties as Bookkeeper on January 1, 1951. We feel that these necessary replacement and additions, to our staff, have been wisely made because of the co-operation which we have received from each and every one.

IMPROVEMENTS

1. A real needed improvement was made when all farm bookkeeping was transferred from the Commissioners' office to the Farm office. With the help of a full-time office secretary we are better able to keep an accurate check on our budget and accounts. This was in many ways a difficult change-over but through the splendid efforts of Miss Ash, ably assisted by the State Auditors, and with the wholehearted co-operation of the staff in the Commissioners' office, the change was affected with a minimum amount of friction and confusion.

2. The horse and calf barn over the piggery has been painted and some painting has been done in the Home and House of Correction.

3. A new cooler was installed in the milk room.

4. Our electrical wiring has been completely reconditioned.

5. A new cement mixer has been purchased.

6. One hen pen has been improved so that now we are able to produce eggs enough to supply all of our needs.

CONTRIBUTIONS

Radios, magazines, papers, puzzles, playing cards, games, clothes, cigars and flowers are among the much-appreciated contributions which have given additional pleasure to the home folks.

We would not want to close this report without making special mention of the Christmas Party sponsored by the Concord B. P. W. Club under the leadership of Miss Bessie Gray and her committee. This is always an activity which brings much Christmas cheer and 1951 was no exception to the rule.

FUTURE CONSIDERATIONS

During the next few years we should give careful consideration to the following things:

1. Purchase of new trucks and farm equipment.
2. Repair of heating plant chimney.
3. Construction of tool shed.
4. Renewal of water pipes.
5. Replacement of present heating plant.
6. Renovation of kitchen.
7. Replacement of some laundry equipment.

Due to the restricted budget during the last year many needed items have had to be placed on a "waiting list." If we are to keep the Home in repair something must be done each year.

Since the fire there have been many times when problems have developed which have prevented us from carrying on a normal operation. The delegation, building committee, commissioners and staff have all co-operated splendidly to make this year as productive as possible.

We would like to express our sincere appreciation to all of the above-mentioned as well as State, Town and County Officials, the clergy, the doctors and interested citizens who have helped to make 1951 a success.

Visitors are always welcome.

Yours respectfully,

PAUL J. FENTON,
Superintendent.
BERTHA W. FENTON,
Matron.

In addition to the above-named Superior Court cases, a total of 169 other cases were handled as follows:

Non-support complaints, Municipal Court	25
Misdemeanors prosecuted in Municipal Court (drunken driving, gambling, injury to property, etc.)	22
Juvenile Court cases	24
Miscellaneous complaints and investigations (including suicides, fatal accidents, etc.)	98
	<hr/>
	169

With the adoption by the Legislature of the Uniform Non-support Law and the procurement by the County

of an Alcometer for making blood tests in drunken driving cases, administration of these phases of criminal law has been greatly improved.

There is some evidence of a need for the adoption by the Legislature of a model medical-legal system as recommended by the American Medical Association, the American Bar Association and the National Municipal League. The purposes for adopting such would be (1) the innocent shall be exonerated; (2) murder shall be recognized; (3) civil and criminal court proceedings shall be provided with documented sound and impartial medical evidence; (4) unrecognized hazards to public health shall be revealed; and (5) industrial hazards shall be exposed.

There is great need for a clearer definition of the duties of the Solicitor, particularly in his relation to the offices of the Attorney General, City Solicitors, and certain State Departments, particularly Welfare.

Respectfully submitted,

ATLEE F. ZELLERS,
County Solicitor.

CHAPLAIN'S STATEMENT

REPORT OF SERVICES AT THE MERRIMACK COUNTY HOME

The Chaplain has held eighteen services at the County Home, two each month from October through June. A great portion of each service is given over to singing gospel hymns. A brief sermon is preached at each service, built around an interesting story or life experience. The more easily understood needs of human lives are dwelt upon, such as God's love, the good of being helpful, and getting along with others.

Sometimes individuals at the Home desire to talk about their problems, their health, their families or their personal needs. Wherever opportunity to aid presents itself, the Chaplain tries to meet this need also. Occasionally a request for a Bible is met with the assistance of the Religious Book Shop of Concord.

A special Christmas program was presented with the young people of the Boscawen Church singing Christmas carols. The Boscawen junior choir of twenty children, under the direction of Mrs. Marjorie Emery and Mrs. Flossie Folsom, presented a full half hour of music at one of the services. Mrs. Louise Lamarre has been exceedingly helpful serving as pianist at these services.

Respectfully submitted,

J. LINCOLN THOMAS,

Chaplain.

Rev. Morrill and Rev. Shepard have conducted Episcopal Services the first Monday of each month and Catholic services were held at the direction of Father Daniszewski and Father Houde.

These services have added much to the people in the Home and the efforts of the clergy are greatly appreciated.

REPORT OF THE PHYSICIAN

To the Commissioners of Merrimack County:
Gentlemen:

As physician to the Merrimack County Home, I submit my report for the year 1951, which has been successfully concluded.

Our hospital has been well and capably staffed with our registered nurses — Mrs. Grace Currier, Mrs. Mathieu, Miss Tandy and Mrs. Muriel Fisher as relief nurse, assisted by their aides — Mrs. Wilbur, Aileen Cole, Iyla Bartlett, Mae Burley, Fan Silver, Ethel Carter and Grace Laughy. I am grateful to the staff for its co-operation, without which it would not be possible to maintain our high standards of efficiency.

There have not been any serious epidemics this year.

To the Superintendent, Matron and Board of Commissioners, I also express my gratitude for their assistance

Yours respectfully,

J. KENNETH McLEOD, M.D.

ACCOUNTS OF COMMISSIONERS AND TREASURER

CLERK OF THE SUPERIOR COURT

The financial accounts and records of the Clerk of the Superior Court of Merrimack County were examined. Court receipts were checked by source, insofar as possible, and found to be properly recorded. Court orders issued by the Clerk were supported by invoices, vouchers and payrolls bearing the approval of a Superior Court Justice.

COUNTY FARM

Receipts of the Farm from the sale of dairy products, livestock, produce, and from boarders were checked by source through the triplicate receipt forms. All receipts of the Farm, as recorded in the cash book, were properly accounted for by the Superintendent through deposits in the bank to the credit of the County Treasurer's account.

Classified summaries of receipts and expenditures of the County Farm for the years 1949 and 1950 were presented in Exhibits H and R, respectively.

GENERAL COMMENTS

Balance Sheet — December 31, 1950:

Certain revisions were made in the Balance Sheet of December 31, 1950, as included in the printed annual County Report. These changes are reflected in the Balance Sheet of December 31, 1950, as presented in Exhibit J of this report, and are as follows:

Asset Accounts:

County Farm Accounts Receivable in the amount of \$4,115.20, as detailed in Exhibit N, were added to the Asset Accounts.

Liability Accounts:

The unexpended balance of the special construction fund, in the amount of \$39,160.60, was added to the Liability Accounts, inasmuch as this was reserved for a specific purpose.

Net Debt:

As a result of these changes the Net Debt on December 31, 1950 (as shown in Exhibit J), was actually \$71,107.64, rather than \$36,062.24 as indicated in the printed report of the County.

Schedule of County Farm Accounts Receivable:

During the current audit the auditors assisted the new bookkeeper at the County Farm in establishing proper control over "Accounts Receivable." A detailed list of these accounts is included in Exhibit N, which should provide the basis for setting up such accounts as of January 1, 1951.

Certificates of Deposit and Transfers of Funds:

The County Treasurer's reports for the years 1949 and 1950, reflect totals of receipts and expenditures which include the amounts of Certificates of Deposit purchased and redeemed and also transfers of funds from one depository to another. Such transactions should be recorded as "memo entries" only and omitted from totals of receipts and expenditures. Exhibits F and P of this report reflect such adjustments and corrected totals.

Sale of Gasoline at County Farm:

Small sales of gasoline to private individuals at the County Farm, although infrequent, should be discontinued as the County is reimbursed by the State for the motor vehicle road toll on gasoline which is purchased and used for county purposes under the provisions of Chapter 120, Section 10, of the Revised Laws.

Triplicate Receipt Forms — County Farm:

The triplicate receipt forms, which are issued at the County Farm, should in every instance indicate the purpose for which the remittance is received in addition to the name of the remitter and the amount, i.e., sale of pigs, sale of apples, sale of clothing, etc. This practice has been generally followed but in a few instances such information was lacking.

Salary of Clerk in Commissioners' Office:

In the report of our previous audit, under date of October 11, 1949, we commented as follows:

"The salary of the Clerk who prepares Commissioners' orders on the Treasurer and who also makes the entries in the Treasurer's cash book is charged to Welfare expense. In the future this employe's salary should be carried as County Officers' Expense."

The current audit disclosed that this recommendation was not adopted during 1949 and 1950. It is our opinion that inasmuch as the above-mentioned Clerk does the general bookkeeping of the County, the salary should be charged to general government under the classification of "County Officers' Expense."

CONCLUSION

The accounts and records of all county officials which were examined were found in good condition and the

accounting procedure conformed to the standard procedure prescribed by this Division.

In conformance with Section 31, Chapter 211, of the Laws of 1939, a copy of this report or a summary of its essential features should be published in the next annual report of the County. This letter of transmittal should be included in its entirety but the publication of Exhibits is optional.

The appreciation and thanks of the members of this Division is hereby expressed to the officials of Merrimack County and the office staff for the assistance rendered during the course of the audit.

Yours very truly,

Division of Municipal Accounting
